How did you learn about MCL? _____

Members are asked to work several hours per year helping the club with work details, running shoots, leagues, clean up events, and running the club occasional special events. We are a member run volunteer organization and participation by members helps to reduce the costs associated with hiring outside help.

List any special skills you would be willing to assist the club with, including carpentry, electrical, accounting, snowplowing, etc. Any time spent to assist the club is credited toward the ten hours of service.

_____

Club meetings are held the first Wednesday of each month(except July) at 7:30pm. You need to be present for your introduction along with your Sponsor. You will be voted in at the following monthly meeting . Club calendar, communications, and events are available on the club website and/or through email distribution only
